California Creative Solutions, Inc. Named to DiversityBusiness.com Top 100 Asian Pacific American Owned Businesses in the United States for 2010.

San Diego, Calif., February 18, 2010 – In recognition of the economic power of privately held businesses, DiversityBusiness.com, the nations' leading business-to-business internet site, recently named California Creative solutions, Inc. (aka CCS Global Tech) as one of the top businesses in the United States.

This is the 10th annual listing of the nation's top businesses by DiversityBusiness.com. Companies listed on the Top Business Lists represent the nation's top multicultural earners and challenge the long-held notion that a privately held business is small or insignificant. Winners are sought after by major corporations wishing to increase spending with small businesses.

"Entrepreneurs are a growing force in the U.S. economy, and a force to be reckoned with," said Kenton Clarke, CEO of Computer Consulting Associates International, the company that built DiversityBusiness.com. This is a whole business segment that can carry its own, provides jobs, products and services and generates wealth for their communities. These are the new leaders in American business." Clarke concluded.

"I am honored to be a recipient of this award" says Raminder Singh, CEO of CCS Global Tech.
"By accepting this award, it reinforces our dedication and commitment to making CCS Global Tech

the best IT Services organization for our customers. It further reinforces our commitment to support other minority owned businesses as we all play an integral part of the economic well being of our great country.”

California Creative Solutions, Inc. (aka CCS Global Tech) was also recognized by DiversityBusiness.com as a leading diversity owned business in multiple categories, including: Top 100 Diversity Owned Businesses in California and Top 100 Privately held Businesses in California. The List

This List is a classification that represents the top small businesses in the U.S., in sectors such as technology, manufacturing, food service and professional services. Large organizational buyers throughout the country that do business with multicultural, small and women-owned businesses use the list. The List is produced annually by DiversityBusiness.com, the nation's leading multicultural B2B Internet portal that links large organizational buyers to multicultural product and service suppliers.

California Creative Solutions will be honored at a special awards ceremony at DiversityBusiness.com's 10th Annual National Multicultural Business Conference on April 27 - 29, 2010 at the Gaylord Resorts, Washington, DC.
